American Xcess' Fill That Crack Makes Home Repair Dirty, Nasty Fun

CHATSWORTH, Calif. — Though Fill That Crack, American Xcess' latest release on store shelves now, features contractors doing home repair, it's the servicing of the buxom and wanton ladies of the house that takes priority over home improvement — the customer is always right, after all.

Featuring an all-English female cast and produced by Wicked City Productions, Fill That Crack stars Alexis May, Suzie Best, Leah Caprice, Jamie-Lee and Suzi.

"These ladies have never been seen by an American audience and fans always love discovering new girls on their own," American Xcess General Manager Harry Jose said. "But these ladies get down and dirty with the best of them. They are great performers and for anyone who's a fan of great, smoking scenes or naughty girls with sexy English accents, Fill That Crack is an excellent title."

Jose added that American Xcess distributes high-quality X-rated titles from the U.K. and the U.S. which feature outstanding talent shot by skilled directors who know how to deliver a sizzling scene.

"We have companies that emphasize quality from both side of the Atlantic, like MSS Interactive, Erotic Flesh Productions and One Eyed Jack from the U.K.," Jose said. "From the U.S., we have titles from Jon Yuma's Nasty Pixxx as well as Monarch XXX's The Instigator, directed by industry veteran Chris King."
