### **Marco Banderas' Hot Zone and American Xcess Sign Distribution Deal**

**CHATSWORTH, Calif.** — Noted performer and owner of Hot Zone, Marco Banderas, inked an exclusive distribution deal with American Xcess, home of noted producer Nasty Pixxx as well as the international award-winning Vice Girls series.

Hot Zone, founded by Banderas in April, will produce all-sex videos featuring the finest females working in gonzo in scenes with the former AVN Male Performer of the Year nominee. Known as one of the elite, go-to men in adult for his near-superhuman skill honed by years of performing in Spanish live sex shows, Banderas will continue to build his name directing with Hot Zone.

Banderas will continue to perform for other companies and can be booked through LA Direct Models. He will also continue to direct for Mercenary Pictures.

"I made a goal to find a distributor for my company this summer and in between scenes Lisa DeMarco, Hot Zone's vice president of production, and I met with many companies," Marco, who often performs twice a day, said. "We met with American Xcess and we were impressed that the company and its key personnel all had outstanding backgrounds in selling to the all-sex market."

Harry Jose, general manager of American Xcess, said he jumped at the chance to represent Banderas,

"Marco's one of the few men in this business whose status as a performer can carry a production company," he added. "He has an international reputation for delivering amazing scenes and he's coming into his own as a skilled director. As everyone knows, summer is a slow time of year and we usually put off meeting with new producers until later in the year -- but in this case, we couldn't wait to sit down with him and see if we could do business. We want to thank our mutual public relations representative, Wayne Hentai, for helping put us together."

The first release produced by Hot Zone, Marco's Crazy Dreams, will street in late September through American Xcess. The title features Banderas in five scenes, delivering six pop shots.

"Marco shot those five scenes in one day," DeMarco said. "He's a truly wonderful all-around talent in this industry and we couldn't be happier being on board with American Xcess."
